**Testimonial from Cohort 1:**

“I read through about 20 different  
SMHL training programmes the  
reason I was attracted to this was  
because it was local to Wakefield and  
with it being a face to face  
programme I felt that it was more  
personal.

***I was so pleased I chose this course***  
the trainers have fantastic knowledge  
and experience with mental health  
both in a school and out of school.  
The support we have been given has  
been amazing.

I would definitely recommend this  
course”
